THE CUSTOM MADE NON-STERILE DEVICE to be manufactured is intended for the exclusive use of the above listed patient and will be made to the prescription of the customer shown above, who is responsible for the design and marketing of the device. **THE THIRD PARTY**, being the manufacturer, to whom this is sub-contracted, is Attenborough Dental Laboratories Ltd who certifies that it will conform to the relevant essential requirements as set out within Annex 1 of the Medical Devices Directive (93/42/EEC). **ANY** relevant requirements not met and reasons why will be listed on the accompanying invoice. **THE DEVICE** will be manufactured under a quality assurance system conforming to BS EN ISO 9001:2000, approved by the British Standards Institute, using materials that have a CE mark or have been tested and approved under the Company's quality control procedures. MDD Registration No. CA 000493. **IMPRESSIONS** must be decontaminated according to BDA/MDA/DLA/BDTA cross-infection control guidelines against Bacteria, Fungi and Viruses (including, but not limited to: H.I.V., H.B.V., T.B.) **BEFORE** despatch to our laboratories. Good, sharp impressions are essential. **ALGINATE IMPRESSIONS** should be cast immediately after removal from the mouth and not sent through the post for working models. **YOUR MODELS** should be cast in stone plaster for all metal work. **YOUR PATIENTS** should be instructed that certain disinfectants or antiseptics may damage dentures. **SHADE:** Quote Porcelain shades and make where porcelain teeth or Facings are required, and similarly Acrylic shades for Acrylic Teeth. **UNLESS** indicated above, all cases will be constructed under our Normal (3-7 day) service and charged at standard specification. A laboratory time reservation system is available by advanced notice.
